4. Click the employee’s name link to view their leave report.
5. Click the **Leave Balance** or **Errors** to view details or view them by clicking the name.

   **NOTE:** NEVER change an employee’s Leave Report. Return the report to the employee for correction.

   **Leave Balance** displays the employee’s available leaves at the time of the report.

   **Errors** display warnings of more leave being reported than is available to take. Every employee should manage their own leaves balances. Over use of leaves may result in an adjustment in pay.

   Employees are unable to return their Leave Report once it is submitted to the approver. If the **Leave Period Leave Entry Status** has not expired, the approver may click **Return for Correction** then the **Save** button to send it back to the employee for correction.

6. Click the **Approve/FYI** check box to approve the Leave Report. You may also approve multiple employees by clicking **Select All, Approve or FYI**.
7. Click **Save** to complete the process.
Important Facts to Know about Web Leave Reporting (WLR)

- Do not submit your Request for Leave Form to Human Resources. There are some exceptions to when you must contact HR for instructions or approval.
- Leave without Pay and Family and Medical Leave (FMLA) require prior approval from HR.
  - Family and Medical Leave (FMLA): Please contact Linda Moore at x2137 for more information.
  - Leave without Pay: Submit a paper Request for Leave Form to the Chief HR Officer. The form should be signed by you and your supervisor before sending it to HR. See the University Guidebook or the APAS Bargaining Agreement, for details.
- You are required to submit a Web Leave Report by the Submit by Date, whether you have taken leave or not.
- Please manage your leave balances. WLR allows you to report more leave hours than you have accumulated. Using more leave than you have accumulated may result in an adjustment in your pay.
- Leave balances accrue on the pay date and leaves taken are subtracted after the pay date. If you are at the maximum accrual allowed you will not accrue more leave on the pay date.
- When you have an error in your leave report,
- If you have not submitted your leave report for approval and it is before the “Submit by Date”, please change your WLR.
- If you submitted your leave report and the “Leave Entry Leave Status” date has not passed, ask your supervisor to return the leave report for corrections.

Important Facts to Know about Approving Leave Reports

- If an employee requests Leave without Pay in advance, please submit the completed Request for Leave Form to the Chief HR Officer for prior approval.
- Your department may choose how employees request leave in advance. Please explain your method to your employees for clarification.
- Please designate a Proxy to approve your employee’s leaves when you are absent. The Proxy for Web Time Entry may serve as your Proxy for Leave Reporting as long as employees do not approve their own Leave Report.
- Review an employee’s leave balance before approving a leave request. The Personnel Report allows you to view the leave balances of your employees. Once an employee opens their Leave Report, you may also review their leave balances from your Department Summary page.
- Every employee must submit a Web Leave Report by the Submit by Date. A zero should appear in the report when no leaves are taken.
- Follow-up with employees who have not started their Leave Report to assure compliance.
- Leaves are to be “approved or acknowledged” by the Leave Period Leave Entry Status date. If you miss the deadline you will be asked to use an alternative method to report your employees’ leaves. Please strive to approve by the deadline. You will be notified by email of the alternate method if you miss the deadline.
- Please review all Leave Reports. Your approval initiates the process to update the employee’s leave balance in the Banner system.
